Office Safety Precautions in Effect During the Pandemic

Our office is taking the following precautions to protect our patients and help slow the spread of the coronavirus

- The waiting room inside the building will not be used.
- We ask all patients to wait in their vehicle or in the office courtyard (keeping a six-foot distance from others) until instructed to enter the building.
- Hand sanitizer that contains at least 60% alcohol is available upon entry to the building, in the restroom, and in each of the offices within the building.
- Psychologists and staff will all wear masks.
- Psychologists and staff will maintain safe distancing.
- Office seating within the psychologists' offices have been arranged for appropriate physical distancing.
- Psychologists' offices are sanitized between appointments.
- Restroom soap dispensers are maintained and psychologists, staff, and patients are encouraged to wash their hands thoroughly and frequently.
- In-person appointments are scheduled at specific intervals and on alternating days to minimize the number of people in the building at any one time.
- Patients' payment cards are kept on file and copays are charged after the therapy session has been completed in order to eliminate the exchange of credit cards, receipts, and pens multiple people.
- Physical contact is not permitted.
- Tissues and trash bins are easily accessed. Trash is disposed of on a frequent basis.
- Common areas are disinfected throughout the day and thoroughly at the end of each day.
